

Improve your research using *EBSCO Host Research Database* in three (3) easy steps

ACCESS

Access the database thru university library website at adnulib.adnu.edu.ph, click EBSCO Host under online resources tab

CHOOSE

Choose from the variety of research database available for your course; most likely, databases at the top are related

SEARCH

Search using basic or advanced search engine; utilizing delimiters for faster and most reliable search results

Step 1

ACCESS

EBSCO Host Research Database thru library website at adnulib.adnu.edu.ph, then click **EBSCO Host** tab under online resources column

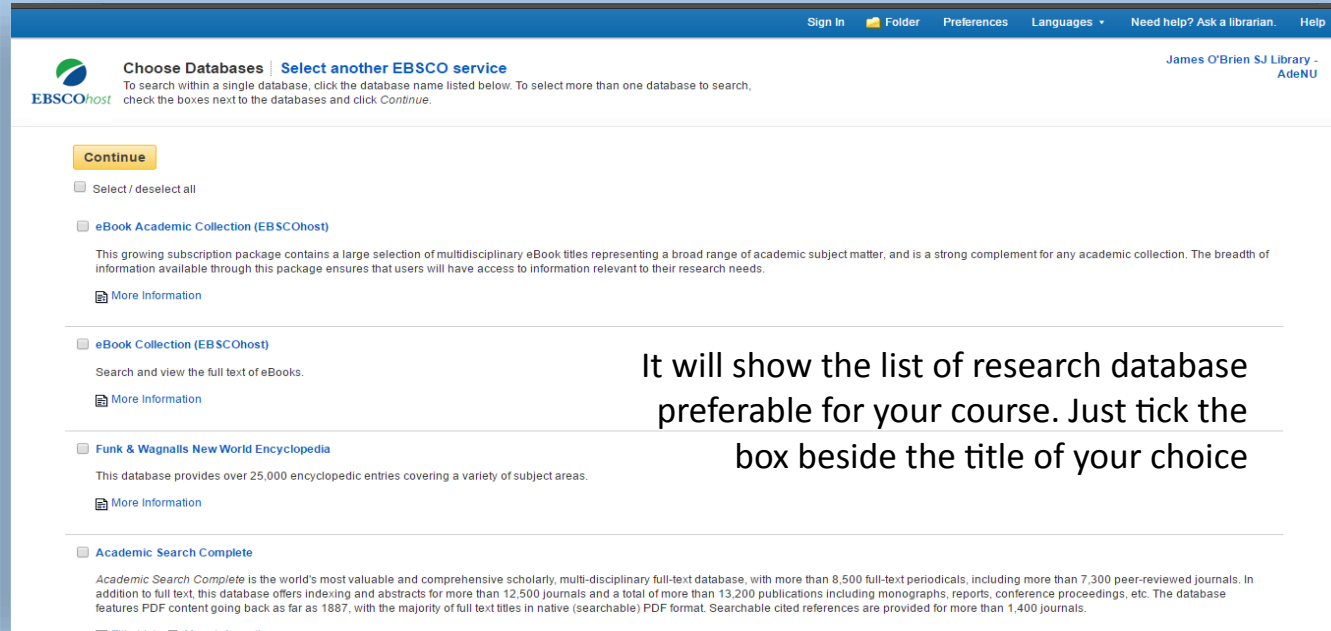

The image shows a composite of two web pages. The top page is the Ateneo de Naga University Library website, featuring the university's logo and name. A yellow navigation bar contains links like 'About Us', 'FAQ'S', 'Video/Promotion', 'Libraries', and 'Contact Us'. A large 'Welcome To The LIBRARY CATALOG' banner is prominent. Below it, a 'Search' button with a magnifying glass icon is visible. A sidebar on the left lists 'Online Resources' including 'Database per Program', 'AccessScience', 'Turnitin', 'EBSCOHOST', 'eBooks', and 'SCOPUS'. A black arrow points from the 'EBSCOHOST' link to the bottom page. The bottom page is the EBSCO Host login interface, which includes a 'Login' section with fields for 'Patron ID' (containing 'gs6') and 'Password' (containing '*****'). A 'Login' button is present. To the right, there's a section for 'Supported Browsers' and a 'Learn more about EBSCO Information Services Product & Services' link. The EBSCO Host logo is also displayed.

It will prompt the log in page for the database (*log ins are available via Chat-a-Librarian or at the Reference desk*)

Step 2

CHOOSE

the **EBSCO Host Research Database** link from the list of services EBSCO Host is offering. Then check box from the variety of research database

Students enrolled under **Master of Computer Graphics and Animation (MCGA)** you may explore the following database:

[Book Academic Collection \(EBSCOhost\)](#)
[Funk & Wagnalls New World Encyclopedia](#)
[Literary Reference Center](#)
[Academic Search Complete](#)
[Newswires](#)

[Computers & Applied Sciences Complete](#)
[Computer Source](#)
[Military & Government Collection](#)
[GreenFILE](#)
[American Doctoral Dissertations](#)

Step 3

SEARCH

related resources by typing your topic / keyword on the **FIND** field and click the search button. Then result list displays.

The screenshot shows the EBSCOhost search page. At the top, there is a navigation bar with links: Sign In, Folder, Preferences, Languages, Need help? Ask a librarian, and Help. Below this, a secondary bar contains: New Search, Subjects, Publications, Company Information, and More. The main content area features the EBSCOhost logo on the left. In the center, there is a search box containing the text "Risk management in Business". To the right of the search box is a green "Search" button and a help icon. Above the search box, it says "Searching: eBook Academic Collection (EBSCOhost), Show all | Choose Databases". Below the search box, there are links for "Search Options", "Basic Search", "Advanced Search", and "Search History".

By default, you are directed to basic search page, you may also do advanced search engine

This screenshot shows the advanced search interface of EBSCOhost. It includes the same navigation bars as the basic search page. The search box now has a dropdown menu labeled "Select a Field (optional)". To the right of the search box are "Search" and "Clear" buttons. Below the search box, there are three rows for building a complex search, each with an "AND" dropdown, a text input field, and a "Select a Field (optional)" dropdown. There are also "+" and "-" buttons to add or remove search rows. Below these fields are links for "Basic Search", "Advanced Search", and "Search History". A "Search Options" panel is open, showing various settings. It includes a "Reset" button in the top right. Under "Search Modes and Expanders", there are radio buttons for "Boolean/Phrase" (selected), "Find all my search terms", "Find any of my search terms", and "SmartText Searching" with a "Hint" link. There are also checkboxes for "Apply related words", "Also search within the full text of the articles", and "Apply equivalent subjects". Under "Limit your results", there are checkboxes for "Full Text" and "References Available". There is also a "Published Date" section with dropdowns for Month and Year, and a "Scholarly (Peer Reviewed) Journals" checkbox.

Utilize search options and setting delimiters for faster and more reliable search results
